# Equipment and machinery sales

- ▶ We concentrate on industrial equipment and machinery that are in good condition, relatively large with potential sales market around the world
- ▶ Our core competencies revolve around power generation, food and beverage industries, petrochemical and wood processing along with general packaging machinery
- ▶ We make use of our extensive contact network in sales and we market our products heavily online
- ▶ We aim to act as a sales broker for machinery, but we are also a trading house who buys and sells the equipment
- ▶ We assume all risk for the sales effort; we only charge for successful sales
- ▶ We also handle disassembly, packaging and export forwarding for the equipment
