

## 4242016 TECHNICAL MACHINE SHEET

Product: CCT Fermentation Tanks Landaluce 2085 hl  
Product number: 4242016  
Manufacturer: Landaluce S.A., Spain  
Manufacturer's type: Indoor type, vertical, cooled, not insulated  
Manufacturing year: 1997  
Capacity: 17 x 2.085 hl (net volume)  
Condition: Good

JADE Machine Description:

Indoor type vertical beer fermentation CCTs tanks delivered by Spanish Landaluce in year 1997. Totally 17 tanks, each with two cooling zones on the side of the tank, cone is not cooled. Cooling media is glycol solution. Tanks are self standing not insulated stainless steel tanks equipped with inbuilt cleaning head and safety valves for vacuum and overpressure and set temperature sensors.

Manufacturer	Landaluce S.A Spain
Manufacturing year	1997
Gross volume	2085 hl
Net volume	2500 hl
Number of tanks	17
Working pressure	0.69 bar + statistic pressure
Working pressure of jacket	2 bar
Design vacuum	100 mbar
Working temperature	20 °C
Tank diameter	5.4 m
Total height with legs	15.8 m
Empty weight	15000 kg
