

## 5152017 TECHNICAL MACHINE SHEET

Product: CCT Vertical Fermentation Tanks 15 x 7920 hl – Never used  
Product number: 5152017  
Manufacturer: Ziemann Holvrieka  
Manufacturer's type: CCT Vertical  
Manufacturing year: 2004  
Capacity: 7920 hl (total), 6336 / 7460 hl (net)  
Condition: New-like

JADE Machine Description:

These large CCTs were installed in 2004 but they are never used. They have tree side cooling zones for net volume of 6336 hl and total net volume being 7460 hl, cone is also cooled, cooling media water-glycol solution. Valve system was never installed and does not exist anymore. Complete documentation exists.

Manufacturer: Ziemann Holvrieka  
Manufacturing year: 2004  
Capacity: 7920 hl (total), 6336 / 7460 hl (net)  
Tank inner diameter: 7.0 m  
Tank height: 23.845 m  
Operating pressure: 1 bar  
Condition: New-like – Never used
